

Curriculum Vitae

(Special Session by Korea Maritime Institute)

Ga-hyun KIM, Ph.D., Korea Maritime Institute

Dr. Gahyun Kim (born in 1987) earned her Ph.D. in Business Administration with a major in Maritime Transportation Management from Korea Maritime & Ocean University. She has been working at the Korea Maritime Institute (KMI) since 2018. Currently, she is conducting research on various port-related issues at the Port Industry Division of the Port Research Department, including green shipping corridor, port security and safety, port workforce, international cooperation in the port sector, and securing public interest in port hinterlands.
