
Enhancing Global Connectivity:

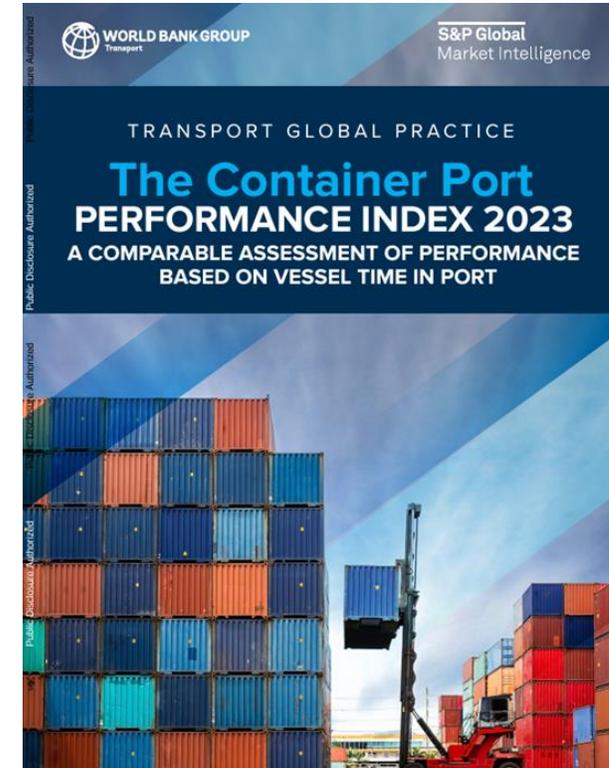

Algeciras Port's
Best Practices and
Collaboration Prospects

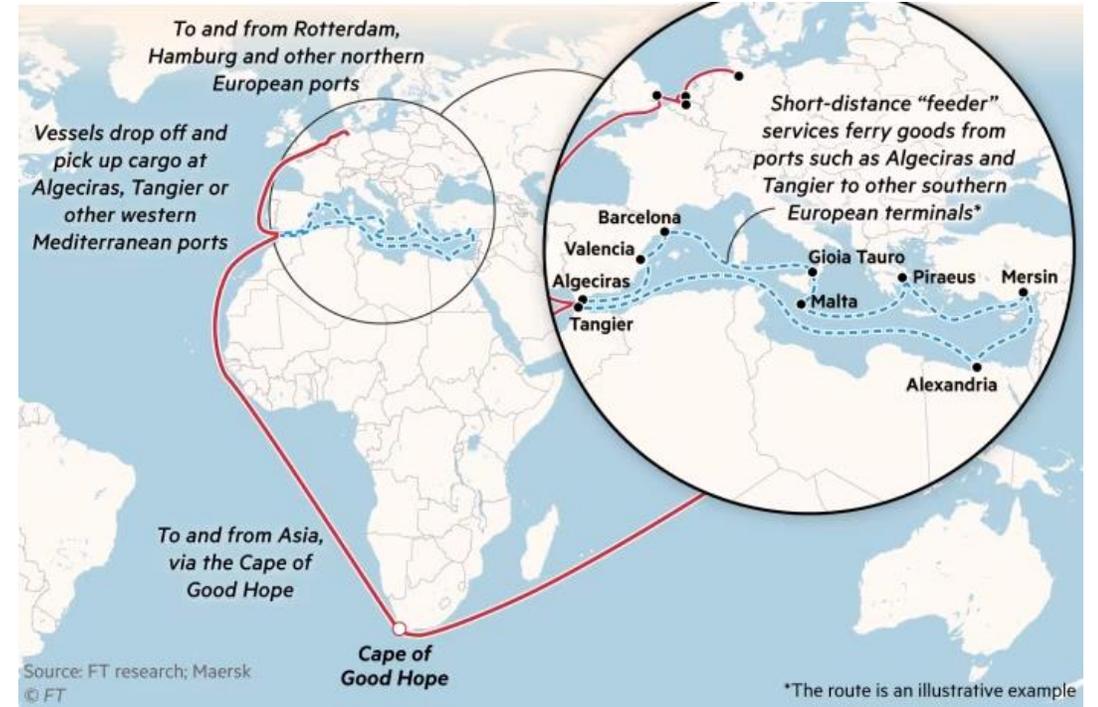

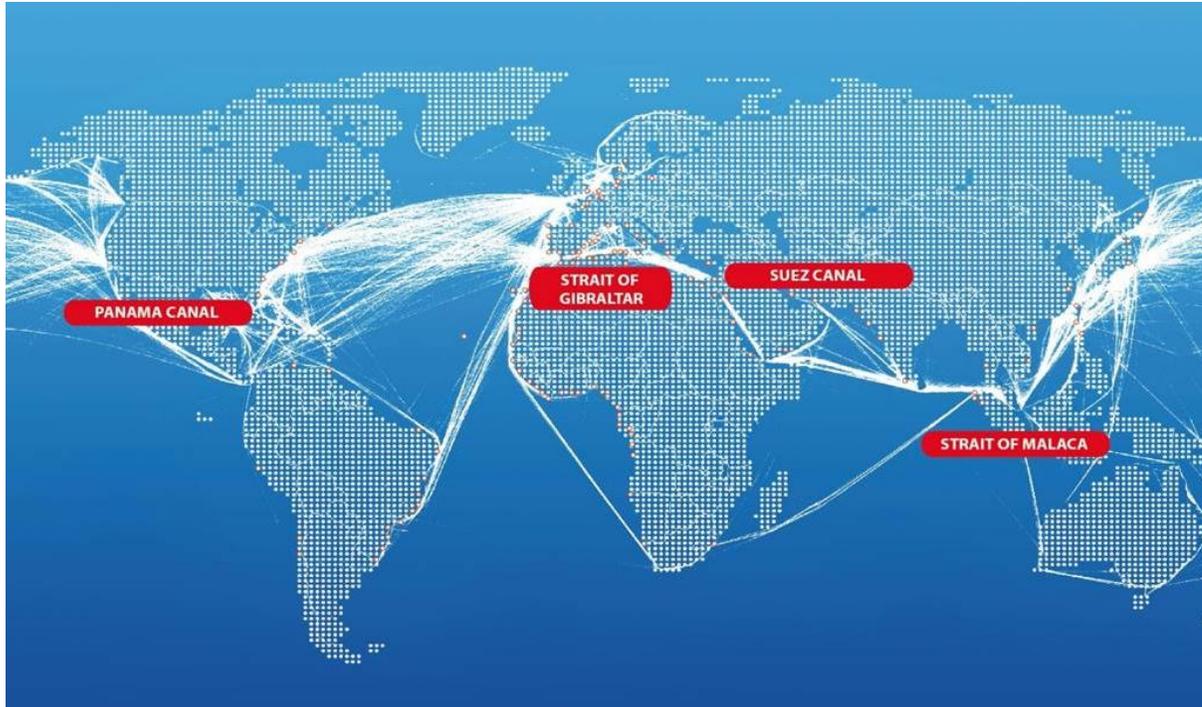

Mr. Gerardo Landaluce, Algeciras Port Chairman

Algeciras Port Operational Efficiency & Cargo Handling

1st EU Container Port in Operational Efficiency, according to World Bank 2023 Report issued by Standard & Poors market intelligence

Algeciras Port Strategic Location: Strait of Gibraltar

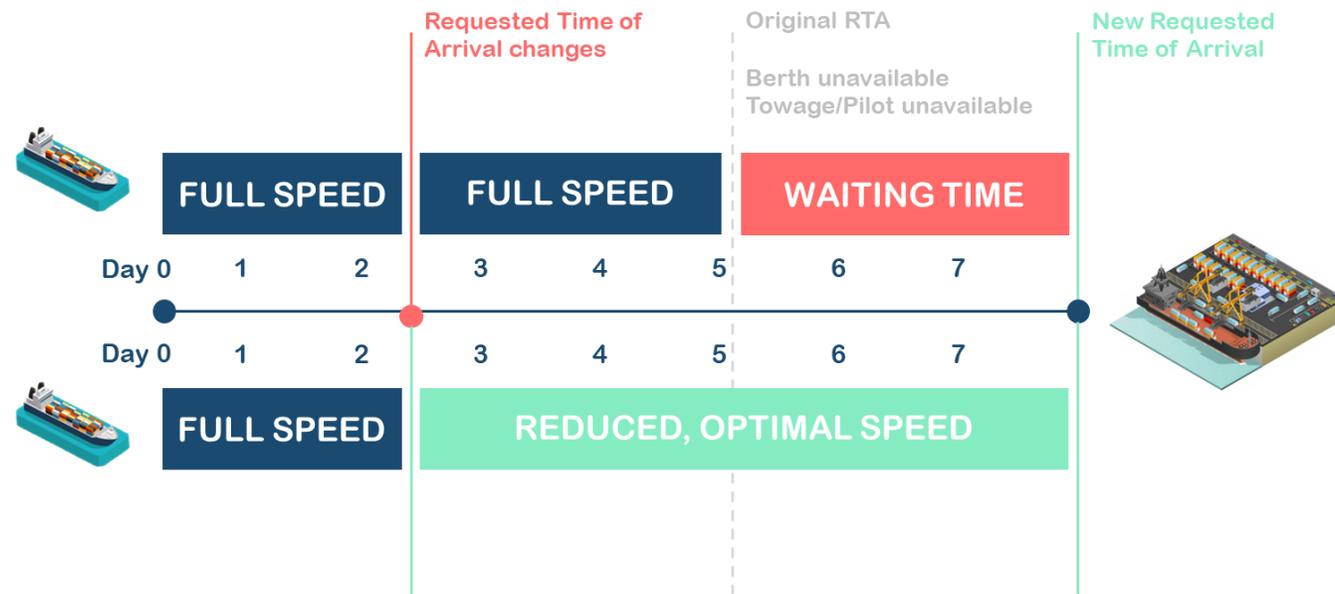

Crossroad in the E/W & N/S maritime routes

Algeciras strategic role as West Med Hub in global disruptions

Algeciras Port: Innovation & Decarbonization as a shared goal

- The cheapest and greenest energy is the energy we don't use
- Technology as a key pillar for reducing carbon footprint

"TWO FOR ONE": Just in Time

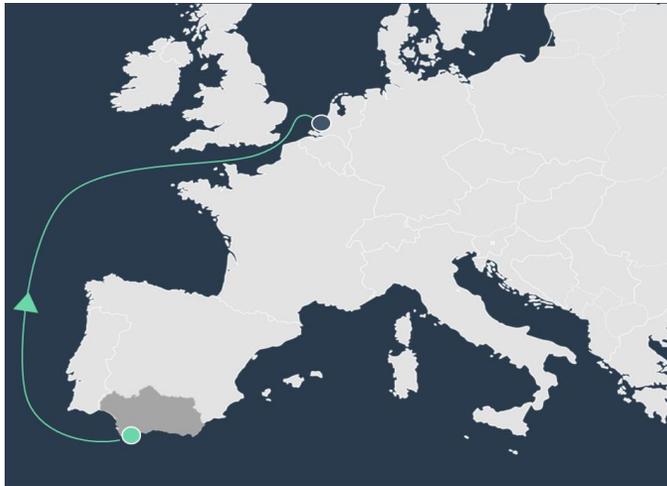

Algeciras Port: Global Partnerships as Energy Hub

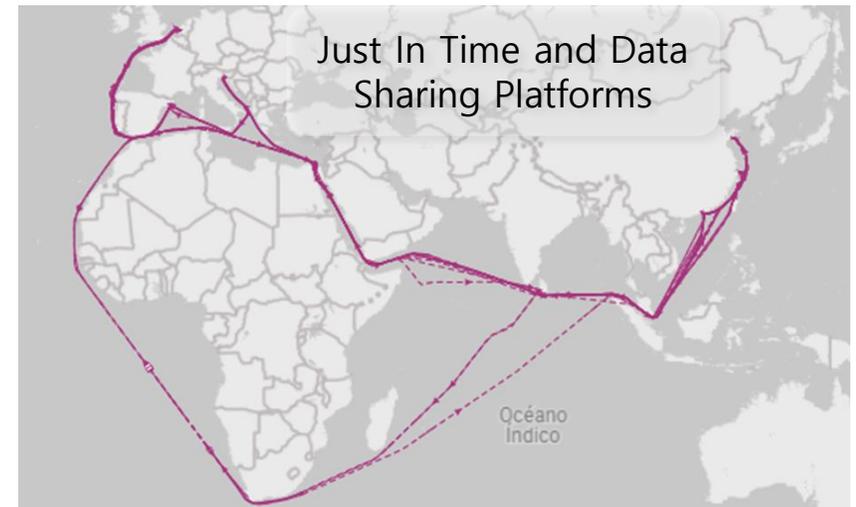

Green corridors for I/E of H2 derivatives.

Development of alternative fuels for shipping and Port Readiness Level

Green and digital corridors for shipping.

JOINT STUDY (NH3 Bunkering Safety)
= Working Group for Key Factors =

To move fast go alone, to go far go together

European Port Alliance (EPA). Public – Private Partnership

Flagship of the “EU Roadmap to combat drug trafficking and organized crime”

- Strengthen security in all EU ports, through a Public-Private Partnership to support port authorities and shipping companies, and thereby protect logistics, information, personnel and processes in the ports.
- Fight against the infiltration of corruption, policy development and innovation.
